Located 14 miles south of Santa Fe, the

preserve has 28 miles of hiking, biking and equestrian trails that wind across arroyos, through willow and cottonwood groves and along ridges that have soaring views of three mountain ranges. The Conservancy began acquiring land for the preserve in 2003, to set an example as a model for limited development and open space preservation through out the Galisteo Basin. # DINNER AT THE CLUB AND A GUEST SPEAKER SATURDAY, APRIL 28th

Joseph Karnes will be the guest speaker at the Dinner At The Club on Saturday , April 11 at 5:30. Mr. Karnes is a retired professional marathon runner who qualified for the 1996 U.S. Olympic Trials Marathon and won the 1994 Napa Valley Marathon. In 2010, he co-founded Global Running Culture ([globalrunningculture.org](http://globalrunningculture.org)), which will be the topic of his talk, in Mew Mexico as a 100% volunteer non-profit organization to continue the mission of Margaret Kosgei. In 1967 Margaret Kosgei founded the Kipkalwa School to give the children of a remote Kenyan village a head start on life. Perched almost a mile and a half high on the edge of the storied Great Rift Valley, the people of Matunget, Kenya must rely on one another to provide what is needed.

Margaret's son, Abraham Kosgei and Mr. Karnes co-founded Global Running Culture, and the organization is now preparing to honor Margaret's ingenuity, foresight, and dedication to brightening Matunget's future by building a new Kipkalwa School. The land has been purchased, plans have been drawn, and heavy machinery for building the school and providing income for the school are in place.

Mr. Karnes also created the Santa Fe Thunder Half Marathon as a destination event and the primary funding source for Global Running Culture. The Race annually attracts over a thousand participants from over thirty five states and several countries. The race will be run later this year on September 18th. Joseph also practices land use and real estate law with Sommer Karnes & Associates.

# **DINNER AT THE CLUB Needs Speakers!**

The Dinner at the Club program has been such a hit with our members that we are now offering the experience twice a month. However, we need your help identifying individuals (or groups) that can enlighten and entertain us after a fine Dinner at the Club! Please consider recommending someone that you know or know-off to be a featured presenter (speaker, poem reader, performer, dance or yoga instructor,...etc.) that would be of interest to our membership. If we your recommendation makes a presentation you will receive a free dinner for two at the Match Point Café.

Thank you to Maggie Odell for suggesting Ted Harrison, the guest speaker at the April 11th dinner. Maggie and a guest will receive complementary dinners.

## **PRO'S CORNER BY ROCKY ROYER**

Most players hit their first serve with about as much power as they can comfortably muster while also staying consistent. For second serves many club players hit a much softer weaker serve. This is an invitation for the returner to attack. In fact you could probably decide before a match that you are going to have attack every second serve on a given day. There are probably not too many players who can hit it good enough second serve that they will prevent you from attacking it. By attacking a weak second serve either by blasting it for chipping and charging and approaching the net you can put pressure on the server. After a while they start hitting softer first serves so they can be sure to get it in. While this can be a risky play it is also very rewarding. All but the good players tend to crumble under this type of pressure. So when you get a chance attack a second serve so that hopefully your opponent becomes scared of having to hit one.

## **CLUB MEMBER TRAVELS TO FRANCE TO SUPPORT US FED CUP TEAM**

Last year the US Fed Cup Team won the world title. The Reigning Champions will travel to France to compete on an indoor, clay court in Aix-en-Provence, on April 21-22, 2018. As a way of supporting the Fed Cup Team when playing away matches, the USTA selects 10 women and their guests to attend the event as Cheerleaders. If you saw the Fed Cup Finals last year in Belarus, there was a rowdy group of Americans behind the player's box waving flags and blowing obnoxious horns. This year if you tune into Tennis Channel or ESPN, you may see Club member Claudia Phillips in the bleachers, on the USA sideline cheering for the Fed Cup Team.

## **CLUB HOSTS CHILE CUP**

This summer the club will host the Chile Cup Tennis Tournament. We are inviting tennis players from Austin to come to Santa Fe and play Club members in the Chile Cup Tournament. A date has not yet been set.

We are looking for Club members who would like to host visiting tennis players from Austin and have them stay in their homes. If you would like to host visiting tennis players please contact Rocky.

Look for more information about the tournament in future newsletters.
